Dear Harold,

Once again Mary & I thank you & Lil for your friendship & hospitality. I really enjoyed meeting Jim & being of what little help I could to you. I only wish I could do it more often - or, better yet, full time. Now that the nice weather seems to have returned, I could probably come down on some weekends to help you out. Just say the word & I'll be down.

I enclosed a tape of Ray's interview with Rather. I also sent a copy to Jim.

Please let me know what happened with Ramsey's girlfriend & Zebra Press. I was going to call to find out, but I don't think my phone bill can take another long distance call.

When we got home & cleaned out the back seat, we found your thermos. If you need it right away, let me know & I'll drop it in the mail. Otherwise, I'll just bring it with me the next time I come down.

Best,
Karen
